HUSTACE OUT FOR MAYOR

CHAIRMAN OF BOARD OF SUPERVISORS DECLARES HIS CANDIDACY FOR MUNICIPAL HEADSHIP.

Charles Hustace, Jr., chairman of the Oahu County Board of Supervisors, has announced himself as a candidate for the Republican nomination for Mayor of Honolulu. Hustace has for some time been regarded as a probable candidate, and today he formally announced himself as in the contest.

"Many friends and supporters have repeatedly urged me to come out and announce myself as in the contest," said Hustace, "and I have finally decided to do so. I shall run for mayor if the Republicans see fit to nominate me."

Hustace made a very strong run for the Board last time, and there is every likelihood of his election as first mayor or if he is nominated. Opposed to him for the nomination, as now appears, will probably be Jack Lucas and John Lane.

KEEP COOL.

We can but hope that Honolulu will not lose her moorings, or even the earth stop turning on its axis, because of the coming of the fleet to the Territory.

We, personally, have been hunting the stag for a matter of six years, and so not overtaken by a trifle of attention from the Federal government.

EDITOR TIMES.

GET BACK STRENGTH.

You have had a hard season with the children and you need a rest, mebbe. Have you thought over the possibilities of Halewa in the recreation line? There is everything there to make you comfortable and the enjoyment and benefits you will derive from a few days visit there cannot be estimated in dollars. The cuisine is excellent and the rooms as good as you will have in your own home. Communicate with Mr. Bidgood for accommodations.

INFORMAL RECEPTION.

FOREIGNERS TABU IN PHILIPPINES

BILL TO SHUT OUT ALIEN STEAMBOAT ENGINEERS IS FAVORABLY REPORTED.

Manila Cablenews-American: The Assembly bill prohibiting the employment of foreigners as engineers and assistant engineers in ships engaging in the inter-island shipping trade in the Philippines has been reported back to the house favorably by the navigation committee.

In its report the committee states that the bill "met with the spontaneous approval of the committee because it tended to nationalize the service of naval engineers. It considers the bill a very patriotic one."

"We have," says the committee, "a large number of apt, able and responsible Filipino engineers whose places in our inter-island craft are occupied by foreigners and there is therefore no excuse for the employment of the foreigners. The continued employment of foreign engineers in our inter-island vessels places to a certain extent, a stigma of incapability and irresponsibility upon our national engineers."

The bill provides that on and after July 1, next, no license or certificate of service shall be issued to any person who is not a citizen of the United States or of the Philippine Islands nor will the renewal of such license or certificate formerly granted be permitted, for engineers and assistant engineers in the inter-island service.

Foreigners who shall have married native women and raised families prior to April 11, 1899, shall not be disqualified to act as engineers and assistant engineers in this service.

The trial of the Makiki pump has been completed and the new gasoline engine works in first class shape. The pump's capacity is 1,000,000 gal. a day and now artesian water is being supplied to the residents of the Makiki district and there is no fear of drought in that section. There is more work to be done around the pumping plant before the job is completed but the good results which have been obtained have been very pleasing to the Department of Public Works.

clothes and the Epworth League are cordially invited to attend an informal reception at Arion Hall, in the rear of the Opera House, this evening at half-past seven.

POLICE CHANGES

JACK KALAKIELA IS SELECTING HIS MEN FOR THE DETECTIVE FORCE.

"Kalakielia has his own ideas as to whom he would have on the detective force," said Sheriff Iaukea this morning, "and he is selecting his men." Kalakielia is the new chief of detectives.

"I do not know of anybody going to leave the department. It simply means, this resignation of Chief of Detectives Taylor," continued Iaukea, "that there will be a changing round of positions. Detective Reeves will probably go back as chief of the waterfront police and Detective Leal will stay in the department, doing work other than that in which he was engaged under Taylor. Apana and Madeiros, as far as I know, will remain on the force. A. E. Minvielle, a highly recommended Porto Rican, will go on the detective staff."

Yesterday there was a police review, a regular function, at which retiring Chief Taylor took occasion to thank those with whom he has successfully worked for their support and the sheriff and Detective Leal and others made a few appreciative remarks.

HOLIDAY THURSDAY

The movement to have Thursday, July 16, a holiday seems to be getting more general among the business men of all nationalities, as the Japanese have sent word that they are willing to close their business houses, and the Chinese will probably follow suit. Although the banks have not decided as yet if they will close, they will probably follow the others in closing. It is intended to have the day a holiday right through, so as to give everyone a chance to witness the arrival of the great armada. The ships are due to arrive at one o'clock and it will probably be after three before the four ships that will come right in are docked. Excursions planned by the Inter-Island Steam Navigation Company will leave about ten or ten thirty, and with the day a holiday it will give a large number a chance to take the trip out to meet the fleet, who would be prevented from going if obliged to work.

THE MAUI PEOPLE TO MEET FLEET

Maui people are going out to see the fleet, the whole fleet and nothing but the fleet in full formation. They have chartered the steamer Mikahala from the Inter-Island Steam Navigation Company, to call at Lahaina on Wednesday evening and take a party thence, early Thursday morning, to meet the fleet off Kalaupapa, Molokai, before the squadron separates—eight battleships for Honolulu and four for Maiala Bay. This action shows commendable enterprise on the part of the people of Maui.

The Inter-Island Company in today's paper announces an excursion, with three steamers available, from Honolulu to meet the fleet at sea.

MOVING PICTURES BETWEEN ACTS

The Lumley Company enter on the fourth week of their engagement at the Orpheum tonight with an elaborate production of the farce comedy "Why Smith Left Home." It is by George Broadhurst, author of "Man From Mexico," "Man of the Hour," and other noted successes. Richard Buhler, Miss Mae Keane and Miss Virginia Thornton assume the leading roles, and as the cast is a long one the entire company will lend their support in its presentation. The play was written for laughing purposes only and the fun is fast and furious.

"Why Smith Left Home" will be played Monday, Tuesday and Wednesday evenings and at the Wednesday matinee. On Thursday evening the company produce Augustus Thomas' great American military play "Arizona," with full strength of company, new costumes, scenery and accessories. Tomorrow evening Madame Blanche Arral will again appear with a choice program of popular songs. Miss Arral will sing between the second and third acts. This star attraction alone is worth the price of admission.

As an additional attraction each evening moving pictures will be shown at each interval between acts. Only the latest and best subjects will be given. A large consignment having arrived on the last Alameda.

Fine Job Printing, Star Office.

TUGS-OF-WAR ON AGAIN TONIGHT

The Portuguese team and the Aloha-Americans and the Hawaii team and the famous Red Shirt Brigade men, the Huehues, clutch the tug-of-war rope on the Midway platform this evening and all will pull for victory.

The Portuguese are confident that the Aloha-Americans, husky selections from Fort Shafter and the Marines and the city, cannot put it over the muscle of Punchbowl and the Aloha-Americans are equally sure that they will not let the inhabitants of the extinct crater teach them anything.

The Hawaii, the well-known old Pacific Hardware crowd, and the Red Shirt men, are both loud in prophesying triumph for themselves.

DELAY AT DAM

All work is being suspended at the Nuuanu dam owing to the lack of water. Contractor Whitehouse laid off practically all his men last week and he intends to quit altogether until the dry season is over. It may be October before work is resumed.

TWO NEW LAWYERS.

Two of the recent students in Eastern colleges have returned to this city and will start in practicing law. William Henry Beers of Hilo was admitted to practice by Judge Hartwell this morning. He is a graduate of the University of Michigan and has been accorded the degree of LL. B., also being admitted to practice in the courts of the state of Michigan.

Harold G. Spencer is another applicant for admission to practice here. He is a graduate of the Yale Law School and has been admitted to practice in the courts of the state of Connecticut. He also has the degree of LL. B.
